NOTE 1 - BACKGROUND AND SUMMARY OF ACCOUNTING POLICIES

Alcor Life Extension Foundation, Inc. (Alcor) is a California non-profit organization formed under Section 501(c)(3) of the Internal Revenue Code. Alcor conducts its primary operations in Scottsdale, Arizona. Alcor is funded primarily through contributions and membership dues from its members, and rental income.

Alcor's primary exempt purpose is research and education in the science of cryonic storage and cryonic suspension.

The significant accounting policies of Alcor follow:

<u>Principles of Consolidation</u>: The consolidated financial statements for the year ended December 31, 1998 include all accounts of Alcor Life Extension Foundation, Inc. and its subsidiaries, the wholly owned Alcor Patient Care Trust and the 57.57% owned Cryonics Properties, LLC. All significant intercompany transactions have been eliminated.

Basis of Presentation: Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. Under SFAS No. 117, Alcor is required to report information regarding its consolidated financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Alcor has no permanently restricted net assets at December 31, 1998.

<u>Use of Estimates</u>: In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and cash equivalents</u>: For purposes of the statement of cash flows, Alcor considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

<u>Investments</u>: Investments are recorded at market. Unrealized gains and losses are accounted for as investment income

NOTE 1 - BACKGROUND AND SUMMARY OF ACCOUNTING POLICIES - CONTINUED

<u>Property and equipment</u>: Property and equipment costing \$500 or more are recorded at cost, or at estimated fair value at the date of gift if donated.

Depreciation and amortization are computed using the straight-line method based on estimated economic lives of the assets as follows:

Building and improvements 39-40 years Equipment 5-20 years Automobile 5 years

<u>Investment in building</u>: Interests in buildings held for investment are recorded at cost.

<u>Prepaid suspensions and standby/Deferred suspension revenue</u>: Prepaid suspensions and standby services are recorded as deferred revenue. Alcor recognizes suspension and standby revenue as the services are performed.

<u>Deferred patient care reserve</u>: Upon suspension of a patient, a specified amount of the suspension revenue is deferred and invested into the Alcor Patient Care Trust to be used for patient re-animation, at which time Alcor would recognize the revenue.

<u>Income taxes</u>: Alcor is exempt from Federal income taxes as an organization other than a private foundation under Section 501(c)(3) of the Internal Revenue Code.

Restricted and Unrestricted Revenue: Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released form restrictions.

NOTE 2 - CONCENTRATION OF CREDIT RISK

Alcor maintains cash balances and cash equivalents at financial institutions. At December 31, 1998, Alcor had no deposits at financial institutions in excess of federal insurance limits. Alcor has not experienced any losses in such accounts and believes it is not exposed to any significant risk on cash and cash equivalents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS

Investments consist of shares in mutual funds, and are stated at market value at December 31, 1998. Interest and investment income for the year ended December 31, 1998 was \$36,186 and \$69,159, respectively.

NOTE 4 - PREPAID SUSPENSIONS AND STANDBY

Alcor must maintain prepaid suspensions and standby services in separate accounts for each member, per the suspension contracts. Alcor's bylaws require that the accounts be invested conservatively in depositories insured against loss by an agency of the Federal Government. At December 31, 1998, Alcor had invested the monies received for prepaid suspensions and standby services in certificates of deposit at financial institutions insured by the Federal Deposit Insurance Corporation up to \$100,000 per account, and in securities not insured by an agency of the Federal Government. The following is a summary of those investments.

	Total invested	Amount insured by FDIC
Certificates of deposit Securities	\$ 326,000 14,019	\$ 326,000
Total	\$ 340.019	\$ 326.000

NOTE 5 - LICENSE

Alcor purchased a license from Cryopreservation Technologies to use a new perfusate solution for laboratory research. The cost of the license was \$25,000 and is being amortized over 5 years. Amortization expense is included with depreciation and amortization expense.

NOTE 6 - CAPITAL LEASES

The cost of equipment acquired under capital leases was \$15,874 as of December 31, 1998. Amortization of assets held under capital leases is included with depreciation and amortization expense. Accumulated amortization was \$4,615 at December 31, 1998.

NOTE 6 - CAPITAL LEASES - CONTINUED

The following is a schedule of future minimum lease payments under capital leases, with the present value of net minimum lease payments as of December 31, 1998.

Year ending December 31.

2002	1,672

NOTE 7 - DEFERRED PATIENT CARE RESERVE

Alcor has a financial obligation to fund the maintenance and re-animation of members who have undergone cryonic suspension. The actual amount of future expenses required to meet this obligation is unknown due to the uncertainty of how long Alcor must maintain its members in cryonic suspension and the uncertain costs of re-animation, if reanimation becomes scientifically and legally possible in the future.

NOTE 8 - FUNCTIONAL EXPENSES

Alcor conducts research and education in the field of cryonic suspension and storage. Expenses related to providing these services for the year ended December 31, 1998, are as follows:
